

OPEN ACCESS 'TECHNOLOGIES' JOURNAL FEATURING SPECIAL ISSUE ON "MICROWAVE ENERGY APPLICATIONS"

With Prof Manoj Gupta as Guest Editor, open access journal "**Technologies**" (MDPI, Switzerland) is publishing a special issue on "**Microwave Energy Applications**". This special issue aims to publish papers in the area of microwave energy applications related to techniques (such as single mode, multimode); materials (metals, polymers, ceramics, dielectric, magnetic, bioceramics, composites, bulk and thin films); and applications (such as metal production, sintering, waste processing, *etc.*). Potential authors are still encouraged to submit the papers.
